# ECONATURAL

## 100% Recycled tissue

La linea EcoNatural è realizzata in Fiberpack®, la materia prima che deriva dal riciclo delle fib e di cellulosa presenti nei cartoni per bevande.

Oltre alle fib e di cellulosa, i cartoni per bevande contengono alluminio e polietilene: grazie a una esclusiva tecnologia di Lucart, questi materiali non vengono dispersi nell'ambiente ma recuperati in altre attività manifatturiere.

EcoNatural rappresenta una soluzione sostenibile e innovativa che risponde alle esigenze dei clienti sempre più attenti alla salvaguardia dell'ambiente.

Tutte le referenze della linea presentano un caratteristico colore avana chiaro naturale che deriva dall'utilizzo delle fib e di cellulosa non sbiancate.

## 100% Recycled tissue

*The EcoNatural line is made from Fiberpack®, the raw material obtained by recycling the cellulose fibres in used beverage cartons.*

*In addition to cellulose fibres, beverage cartons contain aluminium and polyethylene: thanks to exclusive technology developed by Lucart, these materials are not sent to landfill but recovered in other manufacturing activities.*

*EcoNatural is an innovative, sustainable solution that meets the needs of customers who are increasingly conscious of the environment.*

*All products in the line have a characteristic natural light brown colour resulting from the use of unbleached cellulose fibres.*

## FATO FOR FUTURE

FATO è sempre alla ricerca di soluzioni innovative che garantiscano elevati standard di qualità e che abbiano il minor impatto possibile sul futuro del pianeta, ispirando clienti e partner verso scelte più responsabili.

Un'anima sostenibile che è nel DNA del Gruppo di cui fa parte, fin dalle prime scelte industriali, e che FATO trasferisce ogni giorno nel mercato Ho.Re.Ca.. L'impegno del brand nella riduzione della propria impronta ambientale è comprovato dalle certificazioni ottenute nel corso degli anni

In addition, the inks used are water-based and have low heavy metal content, and all the primary and secondary packaging materials are recycled and recyclable.*

*FATO is always seeking innovative solutions that deliver high standards of quality and have the least possible impact on the future of the planet, inspiring customers and partners to make more responsible choices.*

*This sustainable spirit has been imprinted in the DNA of the group to which it belongs right from the first industrial decisions, and every day FATO transfers it to the Ho.Re.Ca. market.*

## I DETTAGLI CHE FANNO LA DIFFERENZA

Il servizio di personalizzazione è dedicato ai clienti più esigenti che prediligono tovaglioli unici e firmati con il proprio logo o decoro: gestori di ristoranti, hotel, pub, servizi di catering e mense self service che vogliono distinguersi e creare un'atmosfera esclusiva e in armonia con l'immagine e l'identità del proprio locale.

Perchè anche il tovagliato monouso può trasformarsi in un dettaglio distintivo, capace di raccontare stile, cura e personalità.

## THE DETAILS THAT MAKE THE DIFFERENCE

*The personalisation service targets the most demanding customers who prefer unique napkins featuring their own logo and pattern: restaurant, hotel, pub, catering service and self-service canteen operators who want to stand out and create an exclusive atmosphere aligned with their venue's image and identity.*

*Because even single-use table settings can be a distinctive detail, expressing style, care and personality.*
